Worthing Fundraiser

With the urgent need of the International Fund for contributions, our small community held a Bring and Buy sale which was supported by a total of fifteen friends from Worthing and surrounding communities.

Many small items were for sale from household goods to various Bahá'í items and home-made foods such as cakes and sandwiches. The children in the community also participated by baking cakes. The evening proved very successful and was enjoyed greatly by the friends. As a community we have learned that such an activity can be held on a regular basis as it does not require great manpower or expense to organize.

It is an easy and fun way for friends to get together and at the same time raise money for the Faith. A total of £170 was raised which was sent to the Endowment Fund. Thanks to all who participated.

Edinburgh meeting tries a new game

National Spiritual Assembly member, Peter Hulme, took time out from a family holiday near Edinburgh, to take a group of friends through an interesting game he has devised which seeks to discover the potential within our community and apply these talents to fulfilling the goals of the Five Year Plan. As can be seen above, some intense discussion took place before the players moved into role-play mode.

Buckinghamshire Inaugural Meeting

It is with great joy that I enclose a photograph of the friends in Buckinghamshire area 7, gathered at our historic Inaugural Meeting on January 12, 2002 to discuss the Universal House of Justice letter of January 9, 2001 and the Five Year

Plan, at the behest of the Bahá'í Council for England.

Warmest Bahá'í greetings
Margaret Paton
